

The Board of Education shall ensure that no student is discriminated against in programs or activities receiving federal financial assistance. Individuals protected by Section 504 of the Rehabilitation Act of 1973 are those individuals who: have a physical or mental impairment which substantially limits one or more major life activities (e.g. caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working); have a record of such impairment; or are regarded as having such an impairment. Students who qualify for protection under Section 504 are: of an age during which non-disabled children are provided preschool, elementary or secondary education services; of an age during which it is mandatory under state law to provide such educational services to disabled children; or to whom a state is required to provide a free appropriate public education (e.g. under IDEA).

The Board shall adopt a grievance procedure to resolve Section 504 complaints and designate an individual to coordinate compliance with Section 504. The Board shall ensure that students with disabilities and their parents are notified annually of the Board's responsibilities under Section 504.
